5G+ speed everywhere with **seamless home Wi-Fi** and **automatic backup** ready now

Whole-home Wi-Fi coverage

Enjoy fast and stable Wi-Fi in every room thanks to the HOPI docking station and mesh satellite. Intelligent roaming automatically connects your devices to the strongest signal, ensuring smooth streaming, video calls, and gaming across multi-floor or large homes.

Smart internet backup

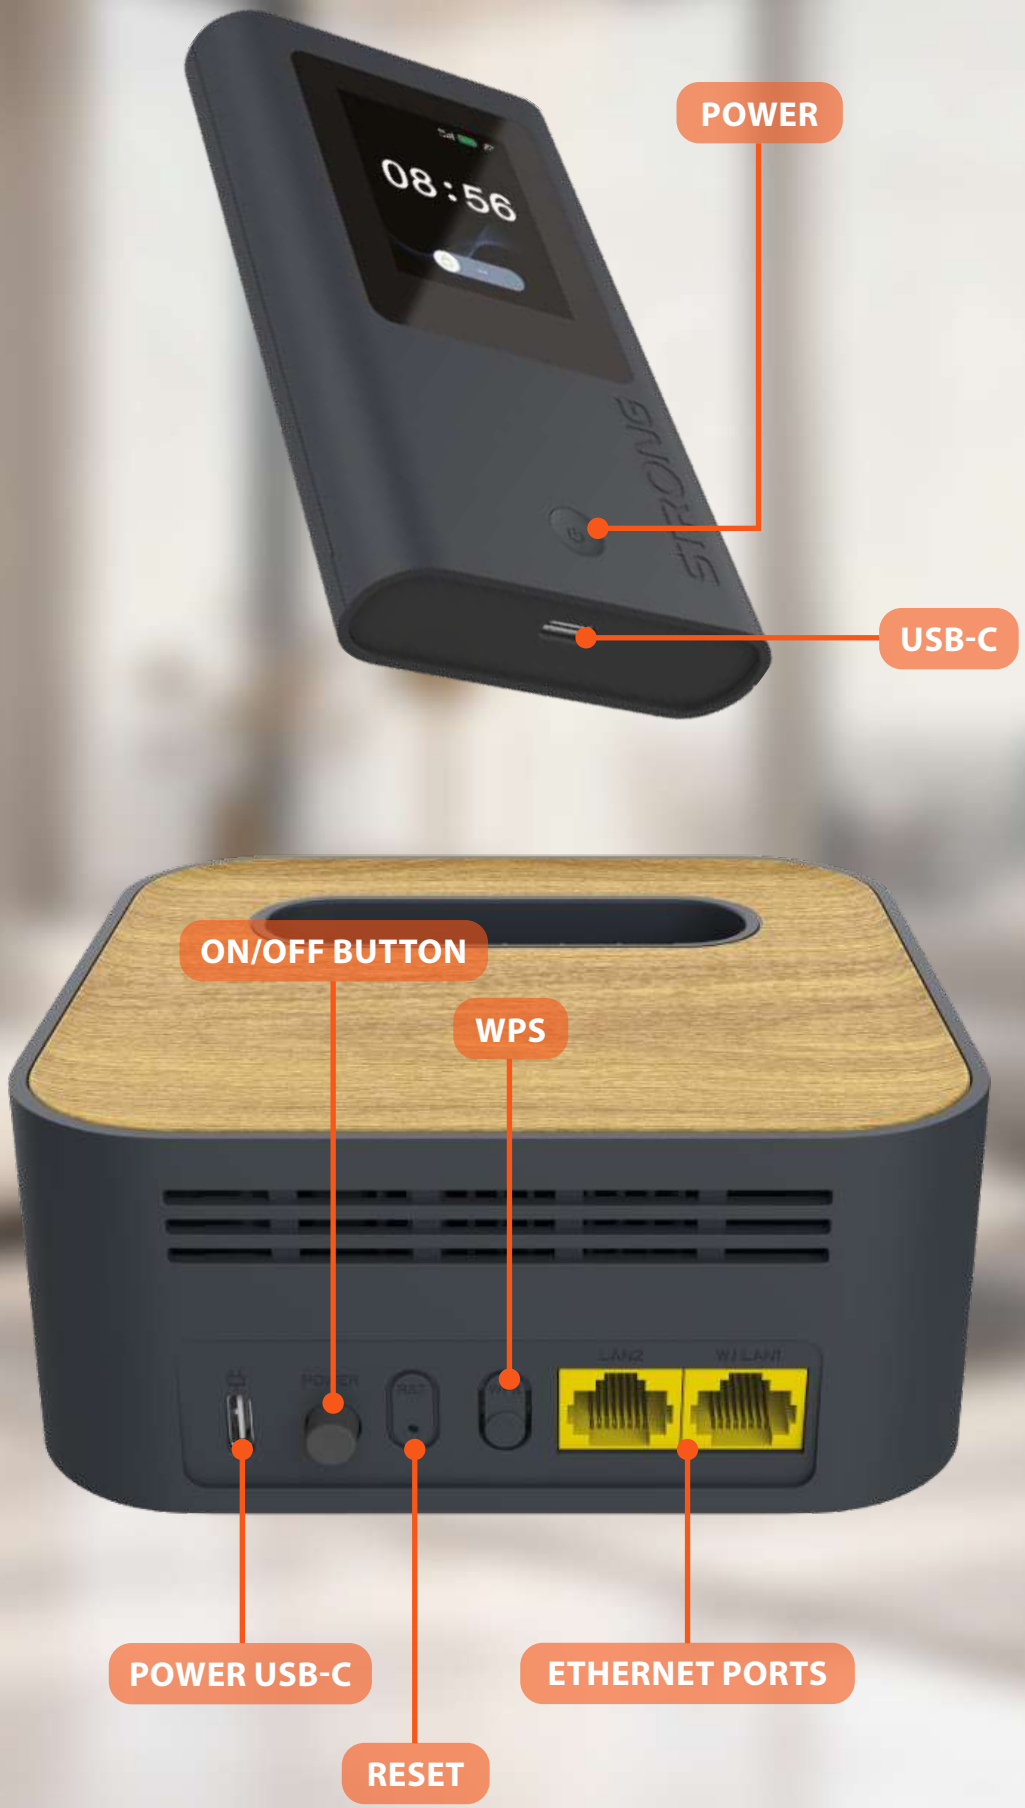

HOPI automatically switches to 5G+ when your main internet connection fails, keeping your home online without interruption. Ideal for remote work, streaming, and connected devices, it ensures continuous connectivity and peace of mind at all times.

5G+ connectivity anywhere

Take high-speed internet wherever you go with the HOPI 5G+ mobile hotspot. Delivering ultra-fast speeds and reliable performance, it keeps you connected while traveling, working remotely, or moving between locations, with seamless transition from mobile use to home networking.

- **Reset:** Restores the device to factory settings, removing all customized network and Wi-Fi configurations.
- **WPS:** Press the WPS button to quickly and securely connect compatible Wi-Fi devices without entering a password. The connection is automatically established once pairing is completed.
- **Ethernet Port:** Connect wired devices such as computers, smart TVs, or game consoles for a fast and stable Gigabit internet connection.
