SEPTEMBER 2025-26

RUDRAPPASAMY SCHOOL

VISION

We pride ourselves on having qualified faculty. To empower students has always been at the heart of what we do at Rudrappasamy School. We aim to help each child entrusted to us by giving them every opportunity to acquire, demonstrate, articulate, and innovate knowledge and skills that will support them in the years to come.

MISSION

Our mission is to help students actively contribute to the integrity of our planet and everyone in it. We do this by teaching them essential values like respect, tolerance, wisdom, inclusion, and understanding. In addition, we also guide them to embrace valuable traits like patriotism, academic competitiveness, and the pursuit of Gandhian and Nehruvian principles that will transform them into excellent people dedicated to the upliftment of our nation.

TEACHER'S DAY CELEBRATION

Dear Teachers,

On this special occasion of Teacher's Day, I extend my heartfelt appreciation to each one of you for your unwavering commitment, patience, and dedication. You are the guiding force who shapes not just minds, but lives. Every lesson you teach, every word of encouragement you give, and every effort you make leaves a lasting impact on our students' futures.

Your passion for teaching, even in the face of challenges, reflects your true professionalism and love for this noble profession. Today, we celebrate you-the mentors, the inspirers, the role models who bring learning to life.

Thank you for your tireless efforts, your creativity in the classroom, and your constant pursuit of excellence. Together, we continue to build a vibrant and nurturing learning environment for our children.

Wishing you all a very Happy Teacher's Day! May you continue to inspire and ignite young minds with the same enthusiasm and dedication.

Principal.

Fascinating Space through ISRO

Our school conducted the **Annual Science Expo 2025** with great enthusiasm. The event showcased the creativity and scientific spirit of students through a variety of innovative projects and live demonstrations. Models such as solar-powered devices, robotics, smart irrigation systems, water purification units, and home automation prototypes highlighted the theme "Science for a Sustainable Future."

Students explained their experiments confidently, making the expo both educational and engaging. Special zones like the Eco-Zone, Tech-Zone, and Young Innovators Corner added excitement and encouraged hands-on learning.

Parents and visitors appreciated the efforts of the students. The Principal congratulated everyone and encouraged them to continue exploring science with curiosity and innovation.

The event concluded successfully, leaving students inspired and motivated to think scientifically and creatively.

Grand Parents Day Celebration

Respected grandparents, teachers, and dear students,

Today we gather to celebrate the pillars of our families-our grandparents. They teach us values, share stories that shape our thinking, and fill our lives with endless affection. This day is a tribute to their sacrifices and the unconditional love they give without expecting anything in return. Let us appreciate them, cherish their presence, and make this celebration a heartfelt memory.

Happy Grandparents' Day!"

Extra Curricular Activities

ECA at School - Short Report

Our school actively promotes Extra-Curricular Activities (ECA) to help students discover their talents beyond academics. Students enthusiastically participated in various clubs and activities such as Art & Craft, Music, Dance, Sports, Yoga, Debate, Eco Club, Scouts & Guides, and Literary Clubs.

These activities helped students build confidence, creativity, teamwork, leadership, and discipline. Regular ECA sessions created a lively atmosphere in the school where students could learn new skills, showcase their abilities, and develop a well-rounded personality.

The Principal appreciated the active participation of students and encouraged them to continue engaging in ECAs to foster holistic development.

ONAM CELEBRATION 2025

"A Festival of Blossoms, Bonding, and Beautiful Traditions"

Our school transformed into a vibrant tapestry of colours, cultures, and creativity as we celebrated Onam in a truly innovative and joyful way. This year's celebration wasn't just a festival-it was an experience that blended tradition with imagination, and culture with creativity.

A Blooming Welcome

The day began with the rhythmic beats of Chenda echoing through the corridors as students welcomed the spirit of Onam. The entrance was adorned with a living Pookalam, where students added petals throughout the morning, symbolising teamwork and unity.

Tradition Through Storytelling

Instead of a regular skit, students presented a shadow theatre performance narrating the story of King Mahabali in a visually stunning format. The creative storytelling captured the attention of everyone and brought the legend of Onam alive in a refreshing way.

Cultural Fusion Performances

The cultural stage sparkled with:

A contemporary twist to the classic Thiruvathira dance

A "Songs of Kerala" musical medley blending traditional and modern rhythms

A digital backdrop displaying Kerala's landscapes, enhancing the performances

"Thank you for taking the time to explore this journey with us. Your curiosity and commitment make all the difference."
