Dear [MP/MSP/Councillor Name],

Subject: Urgent Call for Transparency on Foreign Political Influence

I am writing to you as a concerned constituent regarding the continued political, military, and financial support from the UK Government for Israel's actions in Gaza—actions that have been widely condemned as genocidal by legal experts, international bodies, and civil society worldwide. This support has proceeded without electoral mandate, meaningful parliamentary scrutiny, or adequate media investigation.

The silence and complicity of Scotland's political class in the face of this unfolding atrocity is profoundly troubling. As such, I am supporting a public campaign to demand clarity and transparency regarding foreign political influence in Scottish politics—specifically, the influence of Zionist lobbying and financial networks.

Accordingly, I am asking for your urgent response to the following question, which I believe every elected representative in Scotland must now answer openly:

Have you, at any time, received funds, gifts, or support from any Zionist organisation, individual Zionist, or a representative of Zionist political interests?

Please respond with a simple Yes or No.

The public has a right to know the extent of foreign political influence on their representatives—especially where it may relate to positions taken on international human rights violations. This is a question of democratic accountability, not religion or ethnicity. It is about transparency in public life and the integrity of our institutions.

I look forward to your reply and will treat any failure to respond as a matter of public interest.

Yours sincerely,
