

KOMPETENCE

This line of furniture combines design and functionality. It is based on 29 years of expertise in making furniture. The mobility, selection of colours and combinations of various components are well-suited for office, school and pre-school environments, bringing order to things and simplifying everyday tasks.

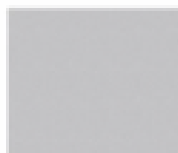

Well-designed shelf structure and fittings for quick and easy assembly.

The rear wall is the same colour as the body. Can be used as room partitioning elements.

Maple

Light grey

Beech

Oak

Robust 25 mm thick laminated wood panel. The edges are finished with a 2 mm ABS strip, with the sharp edges rounded.

Robust and quiet wheels with safety breaks enable mobility. UV to 80 kg dynamic load per wheel.
