

SYNTHETIC TWO STROKE OIL

Description

Synthetic Two stroke oil incorporates a special additive package and polymers to produce this synthetic low-ash multifunctional for air cooled two-stroke engine oils.). The oil is suitable for lubricating two stroke motors such as lawn mowers, scooters, motorcycles and chain saws.

Applications

Always refer to the equipment manufacturers manual to check the recommended oil/fuel ratio, but as a general guide 1:20 oil /fuel ratio is suitable.

Features/Benefits

- Strong detergent performance.
- No smoke operation.
- Prevents plug fouling and piston crown deposit.
- Prevents ring sticking.
- Protect against rust, wear, and corrosion.
- Lubricates at even high speeds and loads.
