Dom Pérignon®

«In the 17th century, Dom Pierre Pérignon declared his intention to «make the best wine in the world.» Today we perpetuate that creative ambition with each Vintage champagne we elaborate, striving toward harmony as a powerful source of emotion.»

Vincent Chaperon - Cellar Master

In 1668, Dom Pierre Pérignon, a Benedictine monk, was appointed procurator at the Abbey of Hautvillers.

At a time when everything was guided by empirical methods, Dom Pierre Pérignon developed revolutionary techniques for viticulture and winemaking based on precise rules.

Father Pérignon modernized the abbey, restored its vineyard, and set about to make «the best wine in the world».

The «wine of Father Pérignon» became one of the most sought-after wines in France. It was served at Versailles and enjoyed by none other than Louis XIV.

Profoundly inspired, his vision revolutionized winemaking with standards that remain at the heart of all champagne wines today.

The legacy of Dom Pierre Pérignon continues to nourish Dom Pérignon's creative vision.

Dom Pérignon's creative ambition is a perpetual quest for harmony as a source of emotion, a quest pursued with aesthetic and sensory values: precision, intensity, tactile sensation, minerality, complexity, completeness and a distinctive way of sustaining notes. Every creative process faces constraints. For Dom Pérignon, this means always a vintage wine. An unyielding commitment to bear witness to the harvest of a single year, whatever the challenges, even going as far as not declaring a vintage.

Dom Pérignon is always an assemblage. The assemblage is the foundation of the Dom Pérignon style. It is guided by timeless principles that have always taken precedence over winemaking techniques and their evolution.

Time is part of the Dom Pérignon equation. The time for active maturation on the lees in the darkness of the cellars, allowing each vintage to reveal itself.

MASSETO

On Italy's Tuscan coast, overlooking the Tyrrhenian Sea near the village of Bolgheri, sits a special hillside. Its potential was finally revealed in the 1980s when the first vines were planted against all local traditions. Crucial to this is the patch of million-year-old blue Pliocene clay that lies just beneath the vineyard's surface.

Masseto is anchored in the mists of geological time and bears witness to the age-old convulsions of land and sea in the heart of the Mediterranean area. Masseto belongs to that geography that is a geology first and foremost. Rooted in the depths of its blue clays.

The clay's mineral structure allows the soil to absorb its own weight in water. It nourishes the vine roots, keeping them cool and slightly hydrated, even during the hottest summers. Alongside gentle coastal breezes, bright Mediterranean sun and reflected sea light, this terroir provides perfect conditions for the slow and gentle ripening of the grapes.

As a tribute to the energy, depth and the unique soil from which it originates, Masseto was named after the rock-hard clusters of blue clay called 'massi' that form on the vineyard's surface after the summer ploughing before melting, like snow, in the winter rain.

Since its creation, the estate has embraced a philosophy where nature, humanity and creativity combine to produce wines of exceptional quality. A viticulture of patience, precision and detail is inspired by the daily observation of the terroir. Vintage after vintage, the team is seeking to reveal this terroir's singularity, from vineyards to the cellar.
