

# Dental Access Portal

The Dental Access Portal is a new platform where patients waiting for placement at an NHS Dental practice can register their interest.

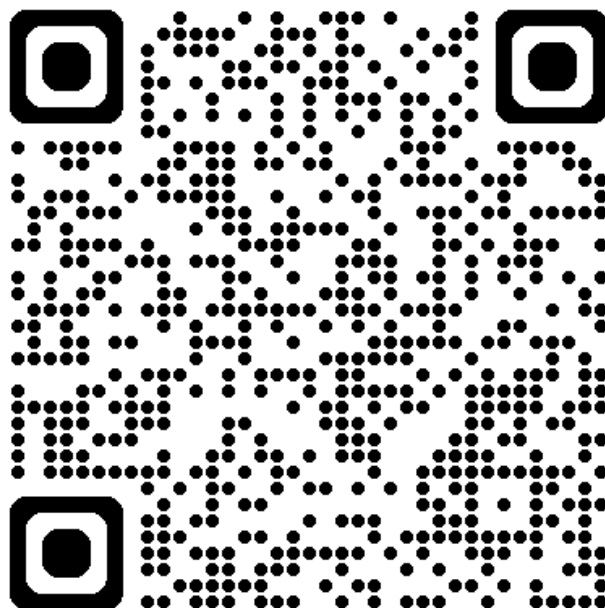

To be eligible to apply through the Dental Access Portal, citizens must:

- Be aged 16 or over
- Not have received routine NHS dental treatment in Wales in the past three years
- Live at an address in Wales for more than six months of the year or attend a Welsh GP practice.

The Dental Access Portal can be found via the following link

<https://dhw.nhs.wales/product-directory/our-digital-services/dental-access-portal/>

or by scanning the QR code below.

You may have to wait for an appointment but please be assured you will be contacted when a dental practice has capacity to arrange a routine appointment.

In the meantime, if you are experiencing any dental pain, please contact the Dental Helpline on 0300 123 5060.
