

Online Leadership & Management Workshops

Summer 2026

FRIDAY 7/10 11:30 AM

✓ **Your Vision, Your Voice** Take your idea and build it into a vision

Take your idea and build it into a vision! In this session, we'll dive into the ins-and-outs crafting your vision, whether for small plans or big dreams! You'll learn strategies to think through your idea, write it down clearly, and give it shape. Come with something in mind, leave with something in hand!

FRIDAY 7/24 11:30 AM

✓ **Communicate Better** Present your vision with purpose

When presenting, crafting your message in advance is as important as the delivery itself. Whether you communicate in a classroom, a conference room, or over a contract, what you say (and how you say it) matters. In this session, you'll learn how to prepare and present information confidently to your colleagues, potential partners and clients. You will leave with adaptable and reusable tools to present your best with purpose.

FRIDAY 8/7 11:30 AM

✓ **Seed Today, Lead Tomorrow** Cultivate key leadership skills

The only constant in life is change, and the need for authentic leadership and relationships is more evident than ever. Together, let's explore authenticity in formal and informal places, how to cultivate genuine relationships for collaboration, and develop your leadership philosophy. You'll walk away with adaptable tools and deeper insight into your own way to lead.

FRIDAY 8/21 11:30 AM

✓ **Carve Your Place** Develop your organizational awareness

When working, do you ever just think, "What am I actually doing here?" Join this session to understand how organizations work and recognize your place within that ecosystem. You will gain insight to improve decision-making, know when to reach out for support, and keep the right people informed if you aren't aware of your place and impact within a team, and even more so within a larger organization.
