Cooking Tips:

Cook the aromatics. Melt the butter in a skillet and stir in the garlic, cooking for about 30 seconds, until fragrant.

Add the shrimp. Season the shrimp with salt and black pepper, and cook for 2 to 3 minutes on each side, until the shrimp becomes pink and opaque. Remember that shrimp cooks fast, so be attentive here!

Add the finishing touches. Stir in the lemon juice and any remaining butter, then garnish with chopped parsley before serving.
