2026 **Fall of Freedom is an urgent call to the arts community to unite in defiance of authoritarian forces sweeping the nation. Our Democracy is under attack. Threats to free expression are rising. - Contributor to the Arts Matter Minoritarian Emergency Artist Fund
- 2020 Co-Founder of *In Plain Sight*:
A coalition of 80 artists united to create a public artwork dedicated to the abolition of immigrant detention and the United States culture of incarceration. A nationwide public artwork and performance, *In Plain Sight* launched the nation's sky-typing fleets to spell out artist-generated messages in water vapor, legible for miles. These messages were typed in the sky over detention facilities, immigration courts, borders, and other sites of historic relevance. As the planes soared, they made visible in the sky what is too often unseen and unspoken on the ground: the appalling, profoundly immoral, imprisonment of immigrants. In partnership with over 30 organizations, In Plain Sight used art and engagement to break through this wall of secrecy, exposing to public scrutiny the

sites of detention centers.
