

THE GRAVITY CODE

KITZRACEParty

presented by BOSS

Dear Party Guests,

As the Hahnenkamm Races 2026 approach, the KITZ-RACE-Party opens its doors to an evening inspired by **“The Gravity Code”** – that defining moment when human brilliance transcends the laws of nature.

Just like the champions on the legendary Streif, this night follows its own unique formula of precision, elegance, and dynamism. The Gravity Code transforms the KITZ-RACE-Party into an experience where excitement, style, and sophistication seamlessly converge.

A preview of the evening’s program gives you a glimpse of the highlights to come. The accompanying mood board provides inspiration for your personal black-tie look, illustrating how, alongside timeless black, a range of refined shades can further elevate the festive atmosphere. Whether you choose a floor-length gown, an elegant ensemble, a suit with a bow tie, or a classic tuxedo – choose an outfit that best reflects your personality and complements the extraordinary character of this evening.

We look forward to welcoming you to a night where excitement, elegance, and exclusivity come together – an evening where The Gravity Code truly comes to life.

We look forward to welcoming you to a night where excitement, elegance, and exclusivity come together – an evening in which The Gravity Code truly comes to life.

THE GRAVITY CODE

KITZRACEParty

presented by **BOSS**

On the legendary Streif, athletes unlock the code that defies gravity. Every run is a balancing act between courage and control, between risk and perfection. When precision meets instinct, that magical moment arises – the moment when anything seems possible. The Gravity Code stands for this unique connection – where passion transcends physics.
