

Standing Kiosk Screens Datasheet

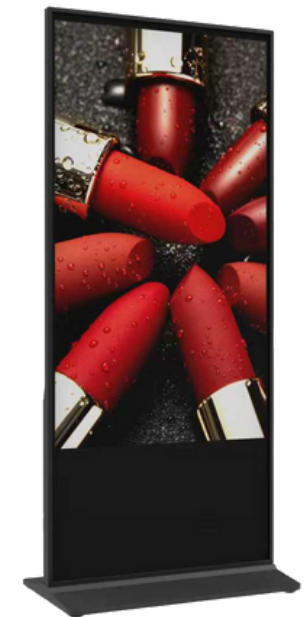

VION STANDING KIOSK SCREENS

55-AVK/ 55-WVK

DESCRIPTION

The Vion 55" Floor-Standing Interactive Kiosk is a vertical touch display built for digital menus, directories, advertising, and customer guidance. It includes a 4K BOE panel, infrared touch, and a wide 178° viewing angle for clear visibility from any side. The kiosk is available with Android 14 or Windows 11, making it suitable for malls, hotels, hospitals, airports, and retail stores. Its durable metal body, slim profile, and 24/7 operation provide a reliable and modern solution for any commercial environment.
