## PROFILE

Ambitious Engineering Intern keen to contribute boundless enthusiasm while expanding personal competencies. Dedicated to absorbing and leveraging new techniques and skills. Ready to positively impact all new and ongoing projects through diligent pursuit of exceptional final products.

## EMPLOYMENT HISTORY

Sep 2022 — Jun 2023	<b>Engineering Tutor, CHABOT COLLEGE</b>	Hayward
	Provided individualized instruction to students in engineering topics such as mathematics, physics, and chemistry. Collaborated with professors and instructors at the university level regarding best practices for teaching engineering topics.	
Aug 2022 — Jun 2023	<b>S.T.E.M Assistant, CHABOT COLLEGE</b>	Hayward
	S.T.E.M( Science, Technology, Engineering, and Mathematics) Assisted teachers in preparing and organizing instructional materials, including textbooks and handouts. Provided guidance to students on classroom assignments and activities. Assisted with grading tests, papers, and other assessments.	
Aug 2022 — Mar 2023	<b>PG&amp;E Mentorship, PG&amp;E</b>	Oakland
	Conducted research on engineering topics to develop a better understanding of industry standards and practices. Obtained advice from mentors on career paths, job opportunities and educational options. Conducted regular one-on-one meetings with each mentor to discuss challenges, successes and goals.	
May 2024 — Aug 2024	<b>Virtual design and construction (VDC) Engineer, Whiting-Turner</b>	San Francisco
	Summer Internship experience at Whiting-Turner involved the use of Navvis 3D laser scanning and Revit to create precise models of existing buildings, often for renovation projects.
