

A FIRM OF COMMITTED LAWYERS AT YOUR SIDE

With ten offices and 130 lawyers working in all areas of business law, Squair is one of the 50 largest firms in France. Our lawyers provide you with high added value advice and tailor-made support for the success of your projects and the defence of your interests.

WHY SQUAIR ?

SQUARE, like our methodology, our advice and our client relation. We wanted to breathe 'air' into this entity, in reference to the freedom and autonomy of our partners and the agility of the structure. By combining the two, we created what brought us together, which ultimately constitutes our DNA.

FLEXIBLE AND TAILOR-MADE SUPPORT

At Squair, we have rethought legal advice to make it as flexible as it is demanding. Our structure allows our solicitors to work freely, adapting precisely to your needs.

Our approach is based on three pillars:

- Total flexibility, to support you with agility, without administrative burdens
- Tailor-made advice, adapted to your challenges, whether they are one-off or strategic
- Optimised efficiency, thanks to innovative and responsive working methods

At Squair, flexibility is not an option, it is in our DNA. We offer you the expertise of large firms with the agility of a modern structure, to provide you with precise and tailored solutions.

THE AGILITY OF A NATIONAL FIRM, THE POWER OF A GLOBAL NETWORK

- Squair handles a significant share of its work through transnational operations. Its multicultural teams operate across many countries and work in nearly 20 languages.
- The firm supports you wherever your needs require, through strategic partnerships with leading independent firms abroad. This network enables the formation of integrated international teams, capable of handling complex matters in a multicultural environment.
- Squair is a member of international networks of leading lawyers, including the International Bar Association and Andersen Global. These affiliations strengthen our ability to rapidly mobilize high level local expertise and to effectively coordinate cross-border operations. Our global partnerships allow us to provide tailor-made legal solutions tailored to the specific needs of each client. They guarantee detailed knowledge of local economic, regulatory and legal contexts.
