

RC OS 2

UNIVERSAL CLEANER FOR EXTERIOR SURFACES

Facade cleaning | Cleaning products

ADVANTAGES OF RC OS 2

- ✓ Cleaning is effortless
- ✓ Without solvents
- ✓ Ideal as a preparation for paint or hydrophobic product
- ✓ Self-cleaning character due to fixation in the capillaries
- ✓ Ready to use

Description

RC OS 2 is a universal cleaning product for the intensive cleaning of all types of surfaces such as slate roofs, tiles, concrete, natural stones, masonry, woodwork, wooden garden furniture... It removes all pollution and deposits of atmospheric origin. After application, the product does its job. Without scrubbing or using a high-pressure cleaner, the results are noticeable after a few days (only in case of light pollution).

RC OS 2 is also the ideal product to prepare any surface for further treatment such as painting or protecting with a hydrofuge.

Properties

RC OS 2 is ready to use. Due to its specific cleaning properties, the product penetrates deep into the substrate and enhances the detachment of foreign materials by fixing itself in the capillaries of building materials.

Substrate

Can be used on all exterior surfaces such as:

- Flat and pitched roofs: slates, tiles, corrugated sheets ...
- Facades: brick, concrete, plastering, crepi, wood ...
- Terraces and driveways: clinkers, tiles, tropical hardwood ...
- Ornaments and garden statues: terracotta, concrete, plastic, natural stone, bluestone ...
- Bluestone: sills, gravestones, door frames ...
- Garden furniture: teak, plastic, metal, wood ...

Caution: bluestone can show black stains for quite some time.

Application instructions

RC OS 2 can be applied on dry or slightly damp surfaces using a low-pressure pump or brush. Allow RC OS 2 to work for at least 24 hours. After 24 hours, the treated surface can be cleaned under high pressure.

Consumption

Highly dependent on the porosity and contamination of the substrate: from 0,1 to 0,5 liters/m².

Technical characteristics

Aspect:	Liquid
Density:	1,005 ± 0,005 kg/dm ³
pH:	7,5
Solvent:	Water
Odor:	Odorless

Security

For more information, please refer to the most recent safety data sheet.

Remarks

- Do not mix with other cleaning agents.
- Do not apply during rain, imminent rain, frost or imminent night frost.
- In order to allow the product to take effect optimally, do not process directly in full sun.
- Do not apply at an ambient and substrate temperature below 5°C.
- Avoid prolonged contact with metal surfaces, as discolouration may occur.
- May cause black stains on bluestone for some time, which later disappear.

Cleaning of equipment

With water immediately after use.

Storage / Shelf life

- Keep only in the original container in a cool, well-ventilated place. Opened containers should be carefully closed and stored upright to prevent leakage.
- 1 year after production in the original closed packaging.

Packaging

5 liters (item no. 120210)

10 liters (item no. 120203)

25 liters (item no. 120201)
