

# AI Agents Empowering Smarter T&E Decisions

For forward-thinking, future-oriented  
Travel & Expense Professionals

With Cogent, your T&E program gains the trust, clarity  
and agility to excel in today's world. And tomorrow's.

## What is Cogent?

Cogent is a category-defining agentic AI workforce, purpose-built to revolutionize T&E management. It delivers instant, actionable insights, empowering teams to make smarter, data-driven decisions with unparalleled efficiency.

## Transformative Results That Set You Ahead

- » **5X Productivity:** Streamline workflows, reduce manual effort, and drive measurable savings.
- » **Instant Insights:** Unlock answers in seconds — no delays, just immediate, actionable intelligence.

## Unmatched Value Drivers for T&E Excellence

- » Proactive insights 24/7 for data-driven decisions
- » Identify inefficiencies and unlock cost savings
- » Integrated, audit-ready compliance metrics
- » Global, multilingual support

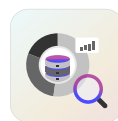

## Breakthrough Agentic Capabilities

**Conversational Intelligence:**  
Natural language Q&A —  
no filters, no training,  
just answers

**Dynamic Analytics:**  
Explore trends and  
forecasts in a single click

**Predictive Insight:**  
Surface opportunities  
and sustainability wins

**Continuous Compliance:**  
Real-time policy  
monitoring with DetectX

*We built Cogent to end the era of  
static data research and usher in  
the era of rapid, AI-powered action.*
