

The Agentic AI Engine for Global T&E

PredictX is the world's leading AI-powered data intelligence platform for Travel & Expense (T&E).

We bridge the *"Truth Gap"* in travel spend, converting fragmented data into actionable enterprise value.

Why PredictX?

Traditional Travel Management Company (TMC) data and manual internal tools leave up to **52% of total travel spend invisible**.

True Total Cost

PredictX unifies TMC, expense, card, and HR data into a single, decision-grade source of truth

Key Advantages vs. Alternatives

Feature	PredictX	Internal/Agency Tools
 <p>Data Integrity</p>	Cleanses & normalizes 1M+ records; 80%+ quality scores.	Manual teams & TMCs often find normalization "impossible" .
 <p>Financial Impact</p>	Proven 92x ROI with realized cashable savings.	Often limited to "visibility" without driving behavior change .
 <p>Sustainability</p>	Audit-ready CSRD/ESRS reporting & custom Carbon Pricing.	Incomplete data leads to high regulatory & audit risk.
 <p>Innovation</p>	Agentic AI (Cogent) for real-time, plain-language querying.	Static dashboards and retrospective reporting.
