

The Agentic AI Analytics Platform for Trusted Enterprise Decisions

PredictX transforms fragmented enterprise data into decisions leaders can trust.

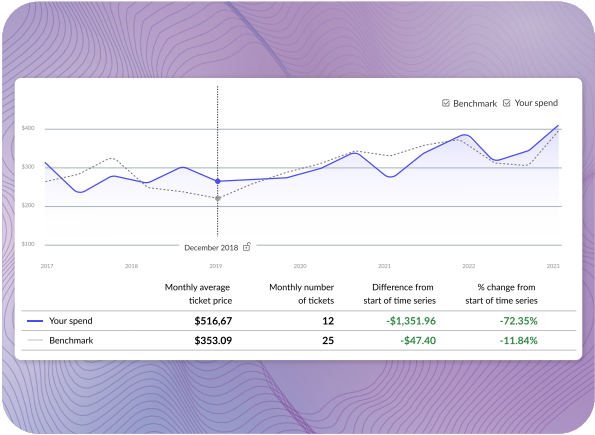

At the core is **Cogent**, our award winning Agentic AI platform, delivering a single source of truth and measurable results.

P R E D I C T . X

For Travel and Expense leaders

PredictX unifies fragmented travel and expense data into a single trusted view, turning raw numbers into decision-ready insights. Processing data from **200+ sources**, the platform validates and consolidates information for accuracy.

Built on decades of T&E expertise, PredictX enables proactive program management with clear visibility over spend, compliance, and traveller behaviour.

41% Hidden spend uncovered 5x Productivity 90% Faster insights 3-5% Reduction in total travel and expense spend
