Act 590 (2022 Regular Session), 2025 Report

Page 2 of 4

Of the 2,473 initial license applications received, the Commission formally denied only four (4) individual applicants having felony criminal history records. All other actual difference between the Commission's "applications received" and its "license issued" results from the applicant(s)' failure to complete all lawful requirements for licensure, including but not limited to one or more of the following: failure to pass examination; failure to obtain lawfully required insurance; or, failure to complete and submit all required application(s) or substantiating documentation and information.

During 2025, the Commission also received and processed a total of seventeen (17) new certification or registration applications, as follows:

<u>Classification</u>	<u>Received</u>	<u>Issued</u>	<u>Percentage</u>
4. Timeshare Interest Developer (Business Registration)	3	2	66.67%
5. Real Estate School Certification (Business Certification)	2	2	100.00%
6. Prelicense Education Instructor (Individual Certification)	7	4	57.14%
7. Continuing Education Vendor (Business Certification)	5	5	100.00%
<u>Total:</u>	17	13	76.47%

Routinely, most license, certification, and/or registration applications are processed within three (3) to five (5) business days after the applicant has completed all lawful requirements for licensure, certification, or registration as required by applicable law. However, an applicant(s)' failure to complete all lawful requirements for licensure inevitably either postpones or results in expiration of the application. An application may also be delayed when the applicant is named as a respondent in a formal consumer complaint received by the Commission or submits evidence of prior felony convictions history or ongoing criminal legal proceedings. The length of any such delay depends entirely on the facts and evidence relevant to each individual application. Further, all pending applications, exam authorizations, and/or criminal history background checks remain active and/or effective for one (1) year from the initial date of filing or authorization.
