

## Vision

A sustainable world where current and future generations thrive.

## Mission

We co-create and inspire systems change for long-term sustainability through convening, knowledge brokering and creative thought-leadership.

What if we build a world where everyone lives sustainably with no debts to the future?

### Transforming Sustainability for Today & Tomorrow

#### Focus Areas

#### Shape & Apply New and Systemic Lenses to Sustainability

- Evolving Sustainability and Rethinking Systems
- Inter-generational Impact
- Affective Sciences
- Leveraging Technologies and The "X" Factor

#### Strategic Approaches
