Intertek Congratulation Letter

Dear customer:

Your products **Biodegradable Medical Face Mask** has been tested and fulfilled the requirements of Intertek Green Leaf Certification. The certificate with number: GLF-08-AMER-24-1789 is now presented to you.

Tested item as follows:

- Biodegradation test (ASTM D5511-18)

We hereby authorize the use of Intertek Green Leaf logo to promote the product within the certificate validity. Please see below rules for the use of logo:

1. Green Leaf logo is allowed to attach on products or its packing. It can be printed on the promotional items like brochure, poster, name card and trade show.
2. The Green Leaf logo can be resized, but the width shouldn't be less than 13mm (0.5") to ensure logo and relevant letters can be clearly read. Meanwhile, the logo should not predominate over the name of the manufacturer or company selling the product.
3. The Green Leaf logo must include certificate number. Claim statements could be quoted as appropriate, the font shall be Calibri.

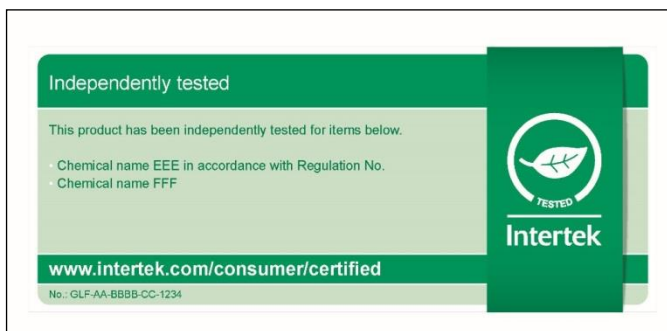

For more information about the use of Green Leaf Logo, please refer to attached document

"GLF-D03 Green Leaf Tested Mark and Label".

Please send us the logo designs for confirmation and approval before printing to ensure that logo is correctly used and avoid unnecessary loss.

Within the validity period of the certificate, please make sure that the quality of bulk products is same as the submitted sample in accordance with the commitments made in the application form, Thanks again.

Thanks again.

Best Regards,

Molly
