La Compagnie Named “Official Airline of the French National Soccer Team”

The Fédération Française de Football (FFF) and La Compagnie are proud to announce a new partnership naming the French airline as the **“Official Airline of the French National Soccer Team”** through July 31, 2026.

The partnership will officially launch with the team’s upcoming trip to the United States this March for two international friendlies: against Brazil at Gillette Stadium in Boston on Thursday, March 26, and against Colombia at Northwest Stadium in Washington, D.C. on Sunday, March 29. La Compagnie will also operate the team’s dedicated transatlantic flights for the 2026 FIFA World Cup, which will take place across the United States, Mexico, and Canada in June and July.

Founded in 2014, La Compagnie is a boutique, all-business-class airline specializing in transatlantic service. The airline operates daily flights between Paris-Orly and New York, offering both corporate and leisure travelers a 100% business-class experience at highly competitive fares. The company has since expanded its network with additional service from Nice and Milan, all operating to Newark Liberty International Airport.

In twelve years of operations, La Compagnie has carried more than 600,000 passengers and completed over 11,000 transatlantic flights.

This partnership with **La Compagnie** is a natural fit for **La FFF**, reflecting shared priorities centered on reliability, performance, and comfort. **La Compagnie** was the first airline in France to operate the Airbus A321NEO, a next-generation aircraft that is quieter, significantly more fuel-efficient, and reduces CO₂ emissions by approximately 30% compared with previous-generation aircraft.

Christian Vernet, CEO of La Compagnie: *“It is a tremendous honor for La Compagnie to be entrusted with transporting our national team. As a French airline, we take great pride in delivering an elevated, all-business-class experience designed to provide the comfort, discretion, and peace of mind elite athletes require as they prepare to compete at the highest level. For more than a decade, we have specialized in premium transatlantic travel, combining next-generation aircraft with a highly personalized service approach. That expertise, paired with our commitment to operational excellence, makes us a natural partner to support the team’s ambitions on the global stage. We look forward to accompanying the players on their journey and contributing, in our own way, to their continued success.”*

Philippe Diallo, President of La Fédération Française de Football: *“We are delighted to welcome La Compagnie as an official partner of the French National Soccer Team. This partnership with a French airline known for its excellence, service quality, and innovative approach will allow our team to travel under optimal conditions as they prepare for major international competitions. La Compagnie and the FFF share strong values, such as performance, high standards, and team spirit, which we hope will help us collectively reach great heights in competition.”*

About La Compagnie

Launched in July 2014, La Compagnie is an exclusively 100% Smart Business Class airline operating regularly scheduled transatlantic flights from New York (Newark Liberty International Airport) to Paris (Paris-Orly Airport), Milan (Milan Malpensa Airport), and seasonally to Nice (Nice Côte d’Azur International Airport). Representing a fresh vision of business travel, the airline combines comfort, style, and value across its modern Airbus A321neo fleet, featuring just 76 seats in an intimate 2x2 configuration, each transforming into a fully flat bed for optimal rest. On board, travelers enjoy refined seasonal cuisine with menus created in collaboration with celebrated chefs, complimentary amenity kits, free unlimited Wi-Fi, and state-of-the-art entertainment. La Compagnie offers its passengers a seamless, end-to-end travel experience, supported by an all-inclusive service that features lounge access at every airport it serves, including its own exclusive private space at Newark, the “Lounge &Co.”
