OOSTBURG STATE BANK BUSINESS

When it comes to banking for business, there are no one-size-fits-all solutions. With that in mind, Oostburg State Bank has developed Business Banking for Life - a tiered banking solutions system that matches your business with the right banking services. So, whether your business is large or small, new or established, locally focused or worldwide, Oostburg State Bank has a bundled banking solution designed to meet the needs of your business.

Small Business

Specifically designed to meet the needs of small and mid-sized businesses, benefits of this tier include a low opening balance, minimal monthly charges that can be avoided by maintaining a small daily balance, a number of complimentary benefits, and access to a range of premium services.

Commercial

The home office of your business may be in Wisconsin, but its reach goes beyond borders. Our commercial tier is a comprehensive package designed with your needs in mind. Offering a wide array of complimentary benefits and premium services, this is banking for every aspect of your business.

Community

As a locally focused non-profit, government, or civic group, you have very specific banking needs. With an incredibly low minimum to open, no minimum daily balance, and a selection of complimentary benefits and premium services, it's banking that supports your mission every step of the way.
