Catholic Schools

2026-2027 SELECTION GUIDE

EXIT

MISSION STATEMENT

The mission of Catholic schools in the Archdiocese of Louisville is to foster each student's personal relationship with Jesus Christ through faith formation and education to inspire and nurture a life-long commitment to faith, service and learning.

VISION STATEMENT

Our vision is to inspire the hearts and minds of our youth to carry out the mission of the Catholic Church now and for the future. We do this by forming disciples of Jesus Christ in a learning environment steeped in academic excellence and rooted in Gospel values.

Celebrating Community

Our faith in Jesus Christ is the reason our schools exist. Every day, children and youth in Catholic schools have the opportunity to learn about the person of Jesus Christ. They are invited to know Jesus personally, to love Him intimately, and to serve Him wholeheartedly. This faith is lived out within a supportive community in which students and their families are united in sharing common values and in which parental leadership and involvement is supported and welcomed.

Visit any Catholic school, and you will notice the spirit of camaraderie among students, teachers, and administrators. Catholic schools have a welcoming community spirit that unites students, parents, and educators who share common values and goals as communities of faith.

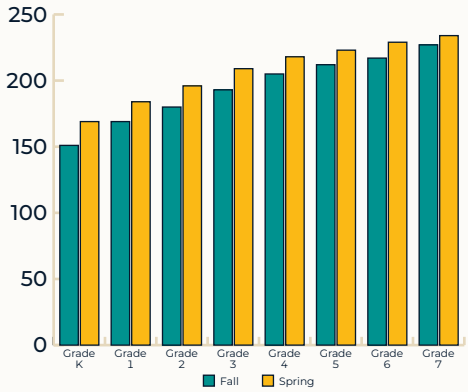

Within this supportive environment, your child has the opportunity to grow in many ways. A wide variety of extracurricular activities – from academic and social clubs to athletics and performing arts – allow students to explore and express their individual gifts and abilities. Their growth is supported by teachers who serve as role models, coaches, and counselors who spend many hours helping with extracurricular activities, leading retreats, and assisting students with their academic, personal, and spiritual growth.

Catholic schools welcome students from a variety of ethnic, religious, and social backgrounds. (Twenty-Five percent of students who attend Catholic schools are from other faith traditions.)

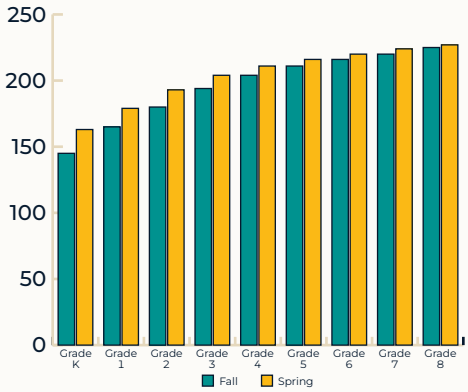

INSPIRING ACHIEVEMENT

Students in the elementary schools of the Archdiocese of Louisville are assessed using the NWEA MAP assessment a minimum of twice a year. This assessment measures academic growth over a school year. MAP Growth assessments measure growth in reading, mathematics, and language usage. The accompanying charts show growth for fall 2025-spring 2026 in all areas tested.

SCHOOLS OF EXCELLENCE

Students emerge from Catholic schools with a robust liberal arts education supported by technology. Students learn decision-making skills, develop high levels of literacy in language arts and mathematics, apply inquiry-based experimentation and problem solving, and build understanding and appreciation for world history and cultures. They also participate in award-winning visual and performing arts programs, build lifelong habits of fitness, and engage in a variety of high-quality electives and extracurricular activities.

Several Catholic schools have been recognized as National Blue Ribbon Schools of Excellence. This award represents the highest national honor presented to quality schools by the U.S. Department of Education. In addition, a number of schools have won awards for technology innovation, teaching excellence, and the arts.

The professionals who teach your children are well prepared to provide a rigorous and comprehensive education. Catholic school teachers are certified, and three out of four have advanced degrees. In addition, teachers regularly participate in continuing education opportunities to keep current with innovations in education and religious instruction.

TUITION ASSISTANCE

Need-based tuition assistance is available. Last year $8.6 million in tuition assistance was distributed to families in the Archdiocese of Louisville.

Who is eligible? All families with one or more children enrolled in or applying to a Catholic school in the Archdiocese of Louisville.

How do I apply? All families use a single form (for all students in both elementary and secondary)– the FACTS management application. Beginning on October 15, 2026, this application will be available online at www.ceflou.org. Families can submit their application and upload their documents for processing at this site. Completed forms and a small application fee must be submitted between October 15 and November 30 of each year. A copy of your 2025 tax returns must be submitted with the form.

Do I apply each year? Yes, each family must apply every year you wish to receive tuition assistance.

When will I know if I have been granted tuition assistance? Elementary tuition assistance awards will be communicated by the Catholic Education Foundation by March 1, 2027. High school tuition assistance awards will be communicated by the high school(s) in which your students are enrolled during the first week of March.

Given the high volume of applications, we encourage you to submit your form early to ensure timely completion of the review process. Completed applications received by November 30, 2026 will participate in the initial grant awards. A much smaller amount of tuition assistance may be available for forms submitted after that date.

For questions, call the Catholic Education Foundation at ***502-585-2747*** or the high school your child attends or plans to attend.
