

MAKE THE MOST OF YOUR TIME WITH PS HOURS OF SERVICE

PS HOS makes compliance easy with an FMSCA-and Canada-compliant ELD that helps your drivers stay on track and fleet stay audit-ready.

MASTER DUTY STATUS MANAGEMENT

Easily change duty status, review logs, and manage breaks in seconds. Driver-friendly prompts and reminders help maintain compliance and prevent violations.

NEVER LOSE TRACK OF THE TIME

Built-in timers make it simple to track 30-minute, 11-hour, 14-hour, and 70-hour limits, helping drivers plan their day with confidence and avoid costly mistakes.

READILY REVIEW REPORTING

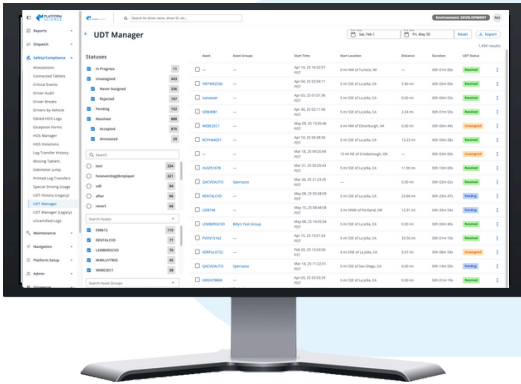

Quickly review log edits, monitor unassigned drive time, and manage diagnostics, all from one intuitive view. Save time for your drivers and ensure back-office accuracy.

HANDLE EXEMPTIONS WITH EASE

Manage short-haul exemptions and adverse driving conditions effortlessly. PS HOS simplifies applying the right rules, keeping your fleet audit-ready.

PS HOURS OF SERVICE Feature Spotlight

UDT MANAGER

Save up to 40% of the time spent resolving unassigned drive time. Use event filters, bulk annotations, and driver suggestions to quickly match events to the right drivers.

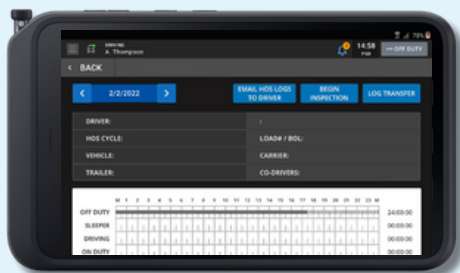

HOS LOGS VIEW

Track drive time, rest breaks, and unassigned driving events all in one detailed view for clear visibility and compliance confidence.

HOS TIMELINE

Easily review hours for DOT inspections or internal reporting with an intuitive, accessible timeline view.

TEAM DRIVING SUPPORT

Support multiple drivers on a single device, making team operations easier to track and manage accurately.
