

HT LinkVue™

By  HYUNDAI TRANSLEAD

Better Visibility for Greater Insights

HT LinkVue is a 360-degree view trailer camera system that offers drivers better visibility, reduces blind spots, and ensures accuracy in tight dock maneuvers. This system greatly reduces damage, down time, and shipper impacts. HT LinkVue is available for both new builds and retrofits to existing equipment.

EXPANDED SOLUTIONS

Integration with Platform Science enables seamless data flow between cabs and fleet managers, providing data-driven solutions and real-time insights while enhancing operational efficiency.

VISIBILITY THAT DRIVES RESULTS

HT LinkVue gives fleet managers oversight and performance tracking. With 360-degree camera coverage and onboard DVR recording, managers can quickly review incidents and streamline claims.

This system also provides opportunities for coaching, allowing managers to identify patterns and reinforce best practices using real video. The ability to download footage makes it easy to build personalized training sessions that improve driver confidence and consistency.

FEATURES + BENEFITS

360° VIEWS

Utilize a 360° bird's-eye view with a seamless four-camera system

DVR RECORDING

Capture up to 30 hours of footage for review

WI-FI ENABLED

Connect to tablets and smartphones without additional hardware

WEATHER READY

Maintains an internal temperature of 87°F to melt ice and frost build up during freezing conditions

PLATFORM INTEGRATION

Compatible with third party systems for real-time data flow

INSTALLATION

Available for both new builds and retrofits to existing equipment

HT LinkVue represents our commitment to delivering quality solutions. We strive to provide our customers with the tools they need to drive forward with confidence.

BUILT TO ENDURE, BACKED BY HYUNDAI TRANSLEAD

HT LinkVue is engineered for durability and reliability. With aluminum housing and titanium oxide coated lens, it's built to withstand various weather conditions. The system operates at a wide range of temperatures, making it suitable for fleets across North America.

Backed by Hyundai Translead and drawing from the same technology used in Hyundai Motor vehicles, HT LinkVue reflects the company's commitment to quality and care.
