

ParkPro

ParkPro is the nation’s only truck parking platform that uses real-time driver demand to activate hourly, reservable parking at commercial properties—providing drivers and fleets with guaranteed spaces along the routes they already travel.

ABOUT US

Created to address the growing shortage of temporary truck parking in the US, we expand capacity by unlocking pre-vetted commercial properties through our proprietary platform. Predictable parking means safer stops, less wasted time, and more miles run.

WHY PARKPRO?

The shortage of commercial truck parking has spiraled out of control. This issue presents a serious threat to driver safety and the stability of the supply chain that powers our economy.

PARKPRO BENEFITS

By combining real-time driver demand with technology and real-estate partnerships, ParkPro unlocks underutilized commercial lots as truck parking—and without the expense of new construction. Professional drivers are the masters driving the supply chain forward and we believe they need to Park Like a Pro™ in safe, reliable parking locations.

FEATURES + BENEFITS

Reliable Parking

Access secure, dedicated truck parking when and where you need it.

Convenience

Park near key logistics hubs like stadiums, arenas, and civic centers.

Safety

Reduce risks by parking in safe, well-lit, and secure locations.

Stress-Free Stops

Plan ahead with the app and enjoy hassle-free parking after long hauls.

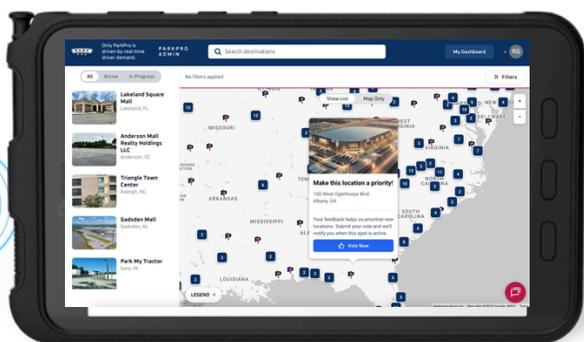

Time Savings

Spend less time searching for parking, increasing on-time delivery performance.

Sustainability

Reduce emissions by minimizing time spent idling while searching for parking.

“Truck parking has long been overlooked in transportation technology. Together with Platform Science, we are bridging that gap by providing drivers with convenient, guaranteed parking solutions within the software they already trust.”

-Tra Williams, CEO of ParkPro

Safer Stops. Less Downtime. More Runs.

ParkPro is your partner in securing guaranteed, hourly truck parking—activated by real-time driver demand—at strategically located commercial properties along the routes your drivers already travel. Trusted by carriers and property partners nationwide, ParkPro helps fleets reduce wasted time, improve driver safety, and keep trucks moving on schedule.

Join the fleets already parking smarter. Contact ParkPro today, admin@park.pro to discover how guaranteed parking can improve driver efficiency, safety, and overall fleet productivity.
