- Basic global customer support for Cofinity-X services

Dataspace usage*

Dataspace usage is based on your number of data exchanging partners.

Usage tiers
- < 20 partners
- < 200 partners
- < 1000 partners
- > 1000 partners

Description
The base fee is tied to your company's annual revenue. Larger companies may need more customized solutions and support. Each selected company role requires a separate dataspace license.

Details
Annual reviews are conducted to adjust your plan based on actual dataspace usage.
