

Fixes Document

19-01-2026

This document contains a list of all improvements implemented today. We, the VIPS CloudPMS team, are constantly working to improve and update the application. We can't do this without your help. Thank you!

The following items have been fixed:

Case	Omschrijving
22267	<p>We observed an issue on the application lock screen where, during unlocking, the PIN number was not masked. This issue has been fixed, and the PIN code is now masked using asterisks.</p>  <p>The screenshot shows a grey background with the text 'Application locked' at the top. Below it, it says 'Locked for Tamara Bosschaart-Lagrange at 19/01/2026 11:18:15'. There is a radio button selected for 'Login through PIN'. Below that, it says 'Enter pin to unlock'. A white input field contains 'Pincode' and '****'. A red arrow points to the asterisks. At the bottom, there is an orange 'Unlock' button.</p>
21289	<p>In the Rate Overview screen, the occupancy percentage was not refreshed correctly when navigating back and forward on the browser. An incorrect occupancy percentage was displayed. After a page reload, the value was correct again. This issue is now fixed.</p>
