

FOR IMMEDIATE RELEASE

April 7, 2026

Town of Elma Responding to Major Water Main Break – Town-Wide Water Service Disruption

The Town of Elma is currently responding to a major water main break that has resulted in a loss of water service throughout the town.

Town of Elma Water Department crews are actively on scene and working to locate, isolate, and repair the break as quickly and safely as possible. Additional support resources are being coordinated as needed to assist with restoration efforts.

Residents who still have water service at this time are asked to limit water usage to essential needs only in order to help stabilize the system while repairs are underway.

At this time, residents should expect continued service interruption until repairs are completed. We do not anticipate water service to be restored prior to tomorrow. Updates will be provided as more information becomes available and as timelines for restoration become clearer.

#### Press Conference Scheduled

A press conference will be held today at 4:00 PM at:

Elma Town Hall

1600 Bowen Road

Elma, NY 14059

Town officials will provide operational updates, expected restoration timelines, and guidance for residents.

#### Stay Informed

Residents are encouraged to monitor the Town of Elma website and the Elma Emergency Manager Facebook page for the most current updates.

#### Media and Public Information Contact:

For additional information, please contact the Town of Elma at 716-652-3260.

The Town appreciates the community's patience and cooperation as crews work to restore service as quickly as possible.

Donald Trzepacz Jr.

Emergency Manager/Disaster Coordinator
