Over current protection  
Splash proof when closed

# Description

The MK3 Series delivers versatile power solutions with a sleek, modern design tailored for today’s kitchens, offices and beyond. Both the MK3.1 and MK3.1 AC models feature three robust sockets to cover your essential connectivity needs. The MK3.1 offers reliable power management, while the MK3.1 AC takes it a step further by including integrated USB ports. Both models are designed with an innovative below-surface socket that discreetly keeps devices plugged in, and fold-flat chrome handles ensure easy retraction into the surface for a clean, clutter-free workspace. Engineered from premium aluminum, the MK3 Series also boasts dependable overload protection and a splash-proof seal when closed, ensuring durability and safety for everyday use.

## Features

- Fold-flat chrome handles for raising and lowering the unit into position
- Splash resistance when closed
- Premium aluminum construction
- Dual USB Port (above desk)
- Tamper-Resistant (TR) power outlets
- Overload protection
- Easy installation
- 9 ft. input power cord
