Spring-assisted opening
and closing mechanism
for smooth, easy use.

FLEXIBLE & CUSTOMIZABLE

Available in three sizes with
customizable configurations to
suit any workspace.

CABLE MANAGEMENT

Includes a Cable
Support Hanger

Description

The Wave is a sophisticated boardroom power unit that combines a stylish, one-piece robust design with a premium all-aluminum finish. Customizable configurations and three available sizes ensure the Wave fits seamlessly into any boardroom layout, offering a tailored solution for your needs. The spring-assisted opening and closing mechanism ensures smooth, effortless operation, while the soft-open/close system eliminates the risk of abrupt slamming, maintaining a professional environment. The innovative cable brush system and shuttered power outlets help keep cables organized and prevent dust or debris from entering the outlets. When not in use, the Wave can be closed to reduce clutter, freeing up valuable workspace and enhancing the overall organization and aesthetics of your boardroom or workspace.
