Description

The PUNTO-V3 is a modern charging solution designed for through-desk installation using an 80 mm mounting diameter, creating a clean, mounted finish that elevates and declutters any workspace. Each unit features a touch-activated illuminated power switch, 1 × SA 3-pin socket, and 1 × new SA 3-pin socket. Available in four configurations, the PUNTO-V3 offers from 2 to 4 USB Type-C ports, depending on the model. All configurations incorporate Quick Charge (QC) and Power Delivery (PD) technology for efficient, high-speed charging across a wide range of devices – from smartphones and tablets to high-power laptops.

Features

- 1 x 16A 3 Pin socket
- 1 x new SA 3 Pin socket
- 2 to 4 USB-C ports, depending on configuration
- Ultra-fast quick charge (QC) and Power Delivery (PD) technology
- An 80mm mounting diameter for a clean, flush finish
- Touch-activated, illuminated power switch
- Modern, minimalistic design
- Premium glass front covers
- High-quality material
