

Description

The PD 4 Pop-up Power Unit is a contemporary power solution that is equipped with multiple socket outlets above the surface and an additional outlet below the worksurface. The top cap of this unit features a smooth, round shape and can be effortlessly raised or lowered using a chrome handle. Available in a variety of colours, it seamlessly blends into any decor. Made from high-quality aluminium, the PD 4 also boasts a built-in seal underneath the top cap, ensuring water resistance when closed. Additionally, it incorporates a 15A resettable thermal overload protection switch for safety.
