SAFETY FEATURES

Over current protection
Splash proof when closed

DURABLE CONSTRUCT

Premium aluminium construction

Description

The PD 5 offers a range of South African socket outlets, plus an additional 3-pin outlet conveniently located beneath the work surface. It's built with a sleek, high-quality aluminum body that combines modern design with durability. For added safety, it features a 15A resettable thermal overload protection switch. The unique octagon-shaped top cap is sealed for water resistance when not in use, giving you extra protection. Best of all, installation is simple and hassle-free.

Features

- Premium aluminium construction
- octagon top cap with single chrome handles for raising and lowering the unit into position
- Colours: Black Plastic/Silver body; White Plastic/Silver body; Grey Plastic/Silver body; Dark Grey Plastic/Silver body
- Shuttered power outlets
- Integrated Seal under top cap to provide water resistance when closed
- Easy installation
