### Description

The Pyramid 3-Sided Power Distribution Unit features an innovative three-sided design, ensuring power and charging options are accessible from any angle—whether it's placed in a boardroom, on your desk, or beside your bedside table. It includes AC outlets, USB-A and USB-C ports, and a built-in wireless charger on top. Available in various finishes with a stylish fabric top, the Pyramid blends seamlessly into any environment, making it a practical addition to any workspace or boardroom.

### Features

- **Innovative Design:** Unique three-sided configuration for accessibility from any angle
- **Multiple Charging Options:** Provides AC power, USB Type A, USB-C charging, and wireless charging.
- **Configurable Outlets:** Each side supports various AC, DC, and data/comms options.
- **Flexible Installation:** Fixed or movable, depending on the application.
- **Variety of Finishes:** Available in multiple finishes and colours.
- **Customisable Top:** A stylish fabric top can be tailored to suit your décor or provided with a robust plastic top.
- **International Compatibility:** Supports numerous types of international power outlets.
