Available on selected variants.

USB-C Charging

Standard Lid

Integrated Wireless Charging Lid

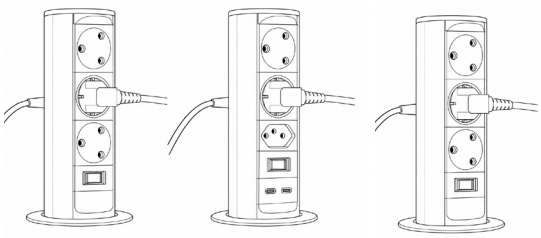

Description

The Gemini Series brings effortless automatic power access to modern workspaces. Featuring a smooth gas-strut mechanism that allows the unit to rise effortlessly from below the surface, Gemini's double-sided power sockets provide convenient access to power from either side. Engineered from premium aluminium, Gemini delivers refined design with flexible charging options, including USB-C and integrated wireless charging on selected variants.

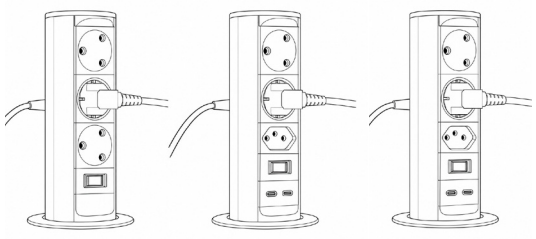

Features

- Automatic gas-strut pop-up mechanism
- Double-sided power sockets
- Concealed retractable design
- Premium aluminium construction
- Flush-mounted design when closed
- USB-C charging options available
- Integrated wireless charging available
- Illuminated blue power indicator ring
- Resettable thermal-overload protection
- Drainage channels for improved water resistance when closed

Power Configuration

Gemini | Gemini 45W | Gemini 85W

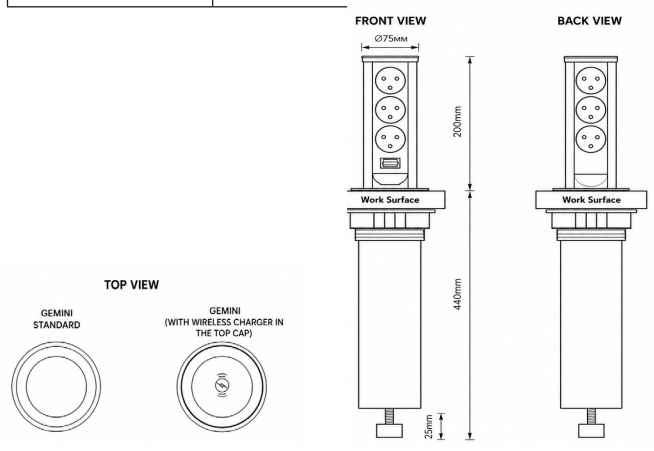

Gemini WC Incl. Wireless Charger | Gemini WC 45W Incl. Wireless Charger | Gemini WC 85W Incl. Wireless Charger

Colour Options

Technical Specifications

Voltage	220–250 V AC, 50 Hz
Current	15 A
Power	3000 W

Dimensions

Length: 613 mm (H) × 111 mm (W)
Cut-out diameter: 95 mm

Gemini: Installation Guide

Step 1
Prepare Work Surface
Create a 95 mm diameter cut-out in the required installation position. Ensure there is sufficient clearance below the work surface and that the power cable can easily reach the power outlet.

Step 2
Remove Locking Collar
Remove the locking collar by turning it anti-clockwise (when viewed from above). Do not connect the unit to power until installation is complete.

Step 3
Position the Unit
Insert the unit into the pre-cut mounting hole, ensuring the cable is positioned correctly. Align the unit according to your desired orientation before securing.

Step 4
Secure the Unit
Attach the locking collar from underneath the work surface. Turn the collar clockwise until it is firmly tightened. Ensure the unit remains in the desired position while fastening.

Installation Dimensions

Mounting Hole: Ø95 mm
Surface Thickness: 10 mm – 50 mm

Before Installation

- Ensure the desk thickness is between 10 mm and 50 mm.
- Ensure the power cable can reach a nearby wall outlet.
- Ensure the installation area is clean and unobstructed.

Maintenance and Care

- Ensure the unit is disconnected before cleaning.
- Clean the unit with a damp cloth and dry immediately.
- Do not use harsh chemical solvents.
- Do not allow liquids to enter AC sockets or USB ports.
- Regularly check and re-tighten the locking collar if required.
- Not designed for humid or dusty environments.

Warning

- For indoor use only.
- If any malfunction occurs, do not attempt to repair.
- Return product to manufacturer for repair.
- Do not insert foreign objects into power outlets or USB ports.
- For work surface mounting only.
- For other options, contact your distributor.

Warranty

All products carry a 24-month limited warranty, which excludes normal wear and tear and product abuse. The warranty will be void in the event of product tampering. Extended warranties are available on request.
