Carbon Steel Wall Thimbles

Application

Designed to meet NFPA 37 requirements, AES wall thimbles are constructed of heavy gauge steel, 2" of thermal insulation rated to 1200° F, and an outer wall air gap. Standard finish is high temperature black paint, galvanizing and aluminum thermal spray coating are options. 304SS and 316SS versions available.

Part Number	Size	Body OD	Body Length	A	ID	Weight
