Understanding How the PE & VC World Really Works

The Private Equity & Venture Capital Academy is a structured introduction to the PE and VC ecosystem, designed to explain how investment decisions are made in practice.

Delivered jointly by LT VCA and Vilnius University, the course combines clear fundamentals with real-life insights from active market practitioners – professionals who source,

evaluate, and execute investments across the Baltic region.

Originally created to teach the fundamentals of Private Equity and Venture Capital clearly and effectively, the programme has evolved into a trusted entry point for the wider ecosystem, while remaining accessible and grounded in real market experience.
