### **Read on to learn about stimulus programs**

In response to the global emergency and economic disruption caused by the COVID-19 pandemic, the Puerto Rico Fiscal Agency and Financial Advisory Authority (FAFAA) continues to work diligently to support Puerto Rico's path to economic recovery. The United States Federal Government and the Government of Puerto Rico have established several stimulus programs to aid individuals, families, and businesses during this pandemic.

### **About the American Rescue Plan (ARPA)**

The American Rescue Plan (2021) is providing fast and direct economic assistance for American workers, families, small businesses, and industries. The American Rescue Plan continues many of the programs started by the CARES Act (2020) and Consolidated Appropriations Act (2021) by adding new phases, new allocations, and new guidance to address issues related to the continuation of the COVID-19 pandemic. The American Rescue Plan also creates a variety of new programs to address continuing pandemic-related crises, and fund recovery efforts as the United States begins to emerge from the COVID-19 pandemic. The American Rescue Plan was passed by Congress on March 10, 2021 and signed into law on March 11, 2021.

### **CSFRF Vaccination Incentive Program**

The Vaccination Incentive Program makes \$10 million in immediate CSFRF funds available for incentives to reward previously vaccinated individuals and promote continuing vaccination efforts. COVID-19 vaccinations are clinically proven to be safe and effective in combatting the effects of COVID-19, and only through its vaccination efforts will Puerto Rico be able to return to normalcy. According to the Centers for Disease Control and Prevention (CDC), as of August 6, 2021, Puerto Rico had administered over 3.9 million doses of COVID-19 vaccines representing 60.2% of its population as fully vaccinated. The Department of Health's (DOH) vaccination initiatives began between July 8-10, 2021, in hundreds of vaccination sites around the island after a coordinated digital and billboard advertising campaign. Daily vaccination rates in Puerto Rico had fallen to between 2,000-3,000 people per day, and down from 10,000 to 4 per day for March and April. According to DOH, during their first round of vaccination initiatives, over 29,000 vaccine doses were administered.

Investment: \$5,936,634.70

Restrictions:

Disbursement of Program funds will be subject to the strictest standards to ensure compliance with federal regulations and best practices. Therefore, each request for disbursement will be duly documented and subject to control and audit.

### **CSFRF Genomic Surveillance**

On June 7, 2021, Governor Pedro Pierluisi announced the Genomic Surveillance Program (Program). This Program makes \$27.3 million in immediate CSFRF funds available to ensure the detection and control of the spread of new strains and variants of COVID-19.

On June 7, 2021, Governor Pedro Pierluisi announced the Genomic Surveillance Program (Program). This Program makes \$27.3 million in immediate CSRF funds available to ensure the detection and control of the spread of new strains and variants of COVID-19. Protecting and preventing our people from future COVID-19 outbreaks are a fundamental part of the pandemic recovery. COVID-19 genetic variations can lead to the emergence of new variants that may have different characteristics. Thus, detecting variants of concern and developing a public health response to them requires a robust genomic surveillance program. Without this genomic information, new variants may spread rampantly and undetected through the island.

Ultimately, to be useful, a successful genomic surveillance program must be established to inform real-time decision-making by public health officials and vaccine manufacturers.

Investment: \$27,250,000.00

Restrictions:

Disbursement of Program funds will be subject to the strictest standards to ensure compliance with federal regulations and best practices. Therefore, each request for disbursement will be duly documented and subject to control and audit.

These funds will only be available to cover necessary expenditures as stated in Program Guidelines and that have not been covered or reimbursed, or that will not be covered in the future, by other state, federal or private programs that the entities may have. ### **CSRF Well Being and Mental Health Program**

This program makes \$15 million in immediate CSRF funds available to ensure accessibility to mental health services through coordinated efforts of the Mental Health and Anti-Addiction Services Administration (“ASSMCA” for its Spanish acronym).

The pandemic brought mental and behavioral health into greater focus. The rapid and unexpected onset of Covid-19 led to an increase in a variety of mental health issues among all ages. Mental health heavily influences our quality of life. So, just like physical health, it must be taken care of and maintained.

Investment: \$15,000,000

Restrictions:

Disbursement of Program funds will be subject to the strictest standards to ensure compliance with federal regulations and best practices. Therefore, each request for disbursement will be duly documented and subject to control and audit.

### **CSRF Assistance to Hospital & CDT Workers**

Essential hospital and CDT workers have been, and continue to be, pivotal to responding to the effects of COVID-19. To recognize these employees for their continued work despite COVID-19, the government will provide them with premium pay. This aid prioritizes retrospective premium pay where possible, recognizing that many essential workers have not yet received additional compensation for work conducted over the course of many months. This aid will also prioritize compensation of those lower income eligible workers that perform essential work. Any past hazard pay does not affect eligibility but does affect prioritization.

**Investment: \$84,855,997.50**

#### **Restrictions:**

Disbursement of Program funds will be subject to the strictest standards to ensure compliance with federal regulations and best practices. Therefore, each request for disbursement will be duly documented and subject to control and audit.
