

## LIFE GROUP QUESTIONS

# I Am the Light of the World

---

1. How does the Old Testament imagery (like God leading Israel with a pillar of fire in Exodus 13:21–22) help us understand what Jesus is claiming about Himself?
2. What does it look like in a practical sense to “follow the light” in your everyday life?
3. How do you typically respond when God begins to reveal something in your life? Do you lean in, resist, ignore it, or something else? Why do you think that is?
4. Psalm 119:105 describes God’s Word as a “lamp to my feet.” How is that similar to - or different from - Jesus Himself being the light?
5. What rhythms or habits help you stay close to Jesus so you can recognise His leading more clearly?
6. Is there an area of your life right now where you might be “walking in the dark” instead of letting Jesus lead? What would it look like to bring that into the light this week?

7. In Matthew 5:14-15, Jesus tells us that “We are the light of the world”. Who is someone in your world that needs the light of Jesus, and what is one simple step you could take to reflect that light to them this week?
