THE ART OF WELLNESS AND LONGEVITY

Guerlain redefines the boundaries of well-being through a holistic philosophy that intimately intertwines beauty, preventive health, and longevity. Each treatment becomes a step in a personalized journey that nurtures the body, restores emotional balance, and supports long-term vitality. Our thoughtfully curated retreats and programs are built around the four foundational pillars of Guerlain wellness: Nutrition, Movement, Sleep, Mindfulness. Seamlessly integrated with Guerlain's expert techniques and personalized diagnostics, these innovations deliver visible, lasting results tailored to each guest's unique needs and aspirations.

KNOW-HOW & DARING

Since opening its Institute and aesthetic training school in 1939, Guerlain has trained its Beauty Experts to be ambassadors for excellence. Throughout the world, these experts carry out treatments requiring tremendous technical skills, such as the 19-minute facial, which is considered an industry benchmark. Driven by its pioneering and enterprising spirit, Guerlain has continued to develop massage techniques that combine tradition and innovation for more than 80 years.

With its unrivalled expertise, Guerlain ensures that every treatment is an exceptional and highly personalised experience. Following an in-depth diagnosis, Guerlain Beauty Experts create a bespoke treatment, artfully adapting their movements and pressure to meet your precise needs, while creating a unique and unforgettable experience.

AWAKEN THE SENSES

From rare orchids with remarkable longevity properties to healing bee products, Guerlain has been inspired by nature's sensoriality and effectiveness since the brand's inception. This unique quest for perfection is echoed at every single Guerlain Spa. Inside each haven, complex rituals are performed to exacting standards, the result of extensive development and research, ensuring every Guerlain treatment throughout the world is an exceptional experience.
