The 7 NFT Gallery TVs along the west and north walls are vertically positioned. All other TVs are horizontally positioned.

If you have files or media that you would like to play in the background on the TVs, please send them over in MP4, JPEG, or PNG format so that they can be uploaded to our DMB Screen Builder system.
You can also bring the files on thumb drive that can plug into the back of the TVs to play direct.
All the media must be organized into a signage set and then assigned to the TVs accordingly.

Only use file formats: **MP4's / PNG or JPEG**
