Mission

FAIR ACCESS TO JUSTICE

Mobile Pathways uses mobile phone tech, data, and AI to help immigrants in court navigate the legal immigration process.

We amplify the impact of immigration organizations supporting under-served immigrants. Our partners include trusted nonprofits and immigration attorneys.

They use our technology to scale their reach of immigrants and improve their outcomes.

A Brief history
SINCE 2020
WE HAVE

2.5ˣ

**REDUCED
DEPORTATIONS**

By getting the right
information to the right
person at the right time,
we ensure that no case is
missed so deportations
are reduced.

3.27M

**IMPACTED
LIVES**

Immigration means
family. Our partner
network has directly
served millions of people
while keeping families
safely together.

300M

**COLLECTED
DATA POINTS**

Our AI analyzes an
ocean of data so
legal aid workers can
confidently navigate
immigrants through their
proceedings.

339K

**DISSEMINATED
EVIDENCE**

Our public immigration
data has been used
339,629 times by
nonprofits, government
agencies, and the media to
ensure transparency and
accountability.

Our Impact

PATHFINDER NATIONWIDE

Since Election Day, the number of immigration nonprofits and attorneys using Pathfinder has doubled.

HIGH
500+

GROWING
100+

FRONTIER
100 or less

Measured in daily number of immigration cases tracked
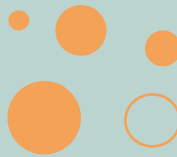

Our Impact

PATHFINDER BY THE NUMBERS

In April 2025, we conducted a statistical analysis of 5,782 cases while conducting a survey alongside The California Access to Justice Commission to analyze the feedback of our 100 first users. The results:

2.5ˣ
REDUCED DEPORTATIONS

3.4% of Pathfinder cases result in absentia removal orders, greatly exceeding the 9% national average

82 %
BETTER UNDERSTANDING

Pathfinder effectively enhances immigration attorneys' understanding of their cases

76 %
MORE IMMIGRANTS SERVED

Users agree that Pathfinder frees up their time to help more people

* According to EOIR data (FY 2016–2023) the GAO verified that 9% of non-detained respondents with legal representation received in absentia removal orders. By comparison, only 3.4% of 5,000 cases tracked by Pathfinder resulted in in absentia removal orders.

** Our deepest thanks to Human Rights First, Pangea Legal Services, The Justice and Diversity Center, The Jones Day Foundation, East Bay Sanctuary Covenant, and Lawyers for Good Government for taking part in this survey.

WHO WE SERVE

A TWIST OF SPIRITUAL FATE

A parishioner at a local church, who also happened to be an immigration attorney, eagerly stepped in to help a woman in need of legal assistance with her immigration case. Through a seamless referral facilitated by our partner CLSEPA, her pro bono efforts became a beacon of hope. With Pathfinder's insights uncovering crucial details—such as the woman's judge, hearing date, and asylum status—documentation gaps were avoided. This collaboration saved time and created a life-changing opportunity.

MARIAM KELLY ESQ.
Director of Pro Bono Services, Community Legal Services of Easy Palo Alto

A LAW FIRM FOR IMMIGRANTS BY IMMIGRANTS

DGO Legal provides personalized legal advice to clients worldwide at competitive rates. Their team has personally experienced the process, the fears, the worries, the what-ifs of immigration. Their attorneys have more than 15 million followers and over 2 billion video views, making them arguably the most influential of all Pathfinder users. DGO Legal's 37 employees use Pathfinder to ensure thousands of under-served immigrants get fair access to justice and employment—any time, all the time.

GIANFRANCO DI GIRALOMO
Foudning Attorney, DGO Legal

PAYING IT FORWARD. AT AI SCALE.

Fleeing persecution, Estuardo faced obstacles at the U.S.-Mexico border, where unjust policies threatened his path to safety. With the help of Jodi Goodwin—who provided timely legal guidance via Mobile Pathways' texting platform—Estuardo legally entered the U.S. as an asylum seeker. Now, as part of Lawyers for Good Government, he's made history as the first asylum seeker to use Pathfinder. Thanks to the GitLab Foundation, Estuardo's team uses Pathfinder to empower thousands of immigrants to manage their cases and secure work authorization so they can build safer, more stable lives.

ESTUARDO CIFUENTES
Program Manager, Lawers for Good Government

Our Impact
CASE STUDY

ISSUE

Millions of immigrants need instant guidance of what to do next.

SOLUTION

Using a number every immigrant possesses, Pathfindes rapidly delivers a comprehensive legal history with unparalleled precision in seconds.

Justice & Diversity
CENTER

HOW PATHFINDER HELPS

Every day, hundreds of immigrants turn to the San Francisco Immigration Court seeking justice. The Justice & Diversity Center plays a key role by offering pro bono Attorneys of the Day (AODs). These experienced immigration lawyers assist unrepresented immigrants in deportation proceedings. From supporting families to unaccompanied minors in vulnerable situations, AODs give individualized consultations and legal advice for full-scope removal defense.

Pathfinder is indispensable in their mission. By delivering instant insights and alerts on immigration cases, Pathfinder equips AODs with the information to prepare efficiently and respond immediately. Our innovative AI technology empowers these legal service providers to dedicate more time and resources to where it matters most: helping immigrants figure out options — not combing for data or reading outdated legal notices.

AWARDS & ACCOMPLISHMENTS

Ironclad

IRONCLAD LEGAL AI INNOVATORS AWARD

We are humbled to win this award recognizing trailblazers who leverage Artificial Intelligence to solve legal challenges.

COLLEGE OF LAW PRACTICE MANAGEMENT

MICHAEL MILLS INNOVATION AWARD

We are honored to accept the College of Law Practice Management award which spotlights extraordinary work in removing obstructions to justice.

NATIONWIDE IMPACT MAINSTREAM MEDIA

Mobile Pathways is gaining national attention. Our Immigration Court Data is used daily by thousands, our media presence is rising, and NASDAQ even lit up our name.

TRUSTED INFO FOR THE MASSES

Each new partner exposes where justice falls short. In 2025, we launched Immigration Court Data—a free site used over 339,000 times by nonprofits, media, and immigrants. Featured in *Mother Jones* and *The Guardian,* our data is driving transparency and reform.

DATA-DRIVEN ECONOMIC JUSTICE

Legal status and employment are deeply linked. We're proud to partner with USCIS—after a rigorous vetting process—to access critical work permit data. With support from key funders, we're using this data to boost economic opportunities for immigrants.

A letter from our CEO

Dear Pathfinders,

As immigration practitioners face a hurricane of change, one thing is clear: we must meet chaos with clarity. We cannot falter in unpredictability and must remain steadfast in our mission to provide certainty, direction, and hope.

Since 2023, our data initiative has collected hundreds of millions of records on immigrants in court, a resource so rich and comprehensive that it has garnered widespread media recognition. This was no small feat and unlocks the potential of our AI tools like Pathfinder. As Pathfinder's data shows – by alerting our users with timely, actionable data – we achieve fewer deportations.

These alerts are needed now more than ever. As our government unites a mass deportation machine, we must unite the mass opportunity machine.

To achieve this vision, Mobile Pathways and our partner network must leverage this ocean of data to build the next frontier in immigration law. We are building an AI engine that pulls in "unstructured data" — breaking policies, memos, executive orders — to ensure Pathfinder stays current with the law. With this technology, our predictive insights will remain sharp, current, and actionable, no matter how swiftly the law changes. The challenges ahead are great, yet our resolve is greater.

I am confident that by staying focused, innovative, and united in purpose, we will pioneer AI solutions that drive meaningful impact for millions of immigrants.

Yours in Justice,

Jeffery O'Brien, Esquire
CEO, Mobile Pathways
