

PUFFALO UNIVERSAL

COLLECTION

Boundless inspiration for interior creations. Create vivid, interconnected worlds within any given space. Leveraging all the adaptability and softness already inherent in the Puffalo lounging range, PUFFALO Universal Group provides designers and specifiers with an unlimited palette of modular and textile combinations for commercial interiors.

The collection of compact, linkable seating (that require no specialist tools for assembly) includes free standing sofas, booths, and ottomans, with complementary back-desking, tablet tables and a range of dividing screens for larger project specification.

A simple joining system ingeniously allows people to form distinct zones within any given space: from solitary pods geared for privacy to shared breakout areas for collaborative connection all the way to the grandest of communal spaces.

Driven by the desire to fabricate commercial sofa seating that was as ergonomic as it was voluptuous (you won't easily feel the internal frame), led to construction technology that miraculously achieves both - rare experience in the world of contract seating.

In a fluid world where interiors need to constantly pivot to new circumstances, PUFFALO Universal Group is a timely contribution to the future of interior architecture and the ever-increasing significance of sustainable design.

Crafted to comfortably adapt with the shifting movements of the human body, every individual piece is carefully custom finished to order in Melbourne. Build your world with PUFFALO Universal Group by Didier.

CARE INSTRUCTIONS:

- Vacuum upholstery to remove dry dirt and dust.
- Dust and wipe leather with damp cloth.
- Dust and wipe desks with damp cloth.
- Fabric and leather companies have their own 'care and maintenance' instructions for each product.
- Didier recommends always reading the label of any cleaning products and not using cleaning agents containing abrasives or solvents.

ENVIRONMENTAL STATEMENT:

At Didier, we believe good design should enhance life without costing the earth. Our work is rooted in responsibility - sourcing sustainable materials, minimising waste in production and collaborating closely with skilled makers, prioritising ethical supply chains. We design for longevity, creating enduring pieces that stand the test of time. To us, sustainability is not a trend, but a guiding principle, that is woven into every stage of our artistic process and every original idea we bring to life.
