

Protein-Powered Curry Hummus

IdaPro® MPC 85 gives this healthy snack twice the protein of traditional hummus.

Snacking is no longer the exception; it's become the rule for on-the-go consumers and those who love Indian-inspired sauces and condiments. The use of our IdaPro® MPC 85 brings a nutritional boost of protein, calcium, magnesium, and phosphorus for better health.

Our vertically integrated model enables precise control over protein quality and functionality, ensuring consistent freshness and stability for snack formulations. The sensory profile of our MPCs enhances flavor delivery and supports clean-label expectations.
