YAHRZEIT INTERACTIVE DIGITAL MEMORIAL BOARD

The Yahrzeit Interactive digital memorial board is the new expansion of Aviva's Yahrzeit board that is located in the Anchin Pavilion Chapel. It is a beautiful way to honor our loved ones, tell their story and enhance yahrzeit observance.

WHAT IS AN INTERACTIVE DISPLAY

An interactive display is a digital touchscreen that serves all the functions of a traditional yahrzeit wall... and much more.

- Every Shabbat the current month's names will automatically display on it.
- When someone touches a displayed name, or searches for any name in the archive, a unique memorial page for that individual appears.
- These individual pages can be personalized with photographs, biographies,
 - Hebrew names, quotations or prayers.

All these special elements will make remembering those who have passed a deeply moving experience.

THE POWER OF PHOTOGRAPHS AND LIFE STORIES

A biography with photographs can transform a name on a wall into a living memorial, a way to share with future generations how truly special someone was. An interactive display will allow anyone, now or in the future, to simply touch a name and discover more about that person... what made them unique, what history they lived through, what they gave to their family, to their community, to the world. It's a beautiful way to not only honor loved ones, but to teach and inspire generations of Jews to come.

This new feature is available at no cost to any new Yahrzeit digital plaque.
