

Dear Dealers,

The year 2024 is coming to a close and the Hase team is looking forward to the upcoming seasonal shutdown from 23 December 2024 until 6 January 2025. Our balance sheet for 2024 is positive and the outlook for the year ahead is looking very promising! Many of you have become fans of our Kettwiesel ONE and we are excited to continue production at full speed from January.

Dealer contracts for 2025 with premium option

From 2025, Hase Bikes will be offering a premium option for dealers. It will give you ...

- greater visibility in the dealer search on our website.
- an official logo for your correspondence.

This will show your customers that they are in very capable hands every step of the way, from advice to service. You will automatically receive the exact terms and conditions with your new dealer contracts in the next few weeks. If you have any queries, please get in touch with your sales contact.

French website now live

Shortly after Eurobike 2024, we launched our new homepage. We received constructive criticism on the quality of the translations from our French-speaking dealers, which is why we have completely revised it once again. The majority of the content is now available in perfect French. We are aiming to have everything finished by the end of January.

Kettwiesel ONE: Delivery times from January 2025

Delivery of any Kettwiesel ONE, ONE UP and ONE PLUS ordered from now on is calendar week 7. Please feel free to order before the end of the year so that the bikes will be in your stores for the start of the season. The exact delivery times can be found in the dealer portal as usual under [Documents → Delivery Dates](#)

E-cargo bike grant in Germany

As the cargo dealers among you will already know, since 1 October 2024, a state grant for purchasing E-cargo bikes has been available once again to commercial customers. Our Gravit CITY E and Pino CARGO models have been included in the official list of eligible bikes since 2023. For comprehensive advice, any interested commercial customers can find more information on how it all works on the [website of the Federal Office for Economic Affairs and Export Control](#).

Save the date: Praxisworkshop 2025

The next Praxisworkshop is expected to take place on 8 and 9 November 2025. Mark this weekend on your calendar now! We will let you know in good time as soon as registration is open.

We wish you a relaxing holiday season, a Happy New Year and great success with Hase Bikes in 2025!

Best wishes,
Your Hase Bikes Team
