

## Precision Meets Practice: World-Class Award-Winning Oral Surgery and Dental Implant Training

**35 Years of  
World-Class  
CE-Based Surgical  
Instruction**

**For Maxillofacial  
Surgeons,  
Prosthodontists,  
Periodontists, and  
Super GP's**

**More than 7,000  
alumni for all  
50 States and  
67 Countries**

The Pikos Institute, recognized as a premier provider of advanced dental implant training, is proud to partner with BioHorizons in delivering world-class educational experiences to clinicians nationwide.

Together, this collaboration brings DSOs a unique opportunity to access a comprehensive suite of hands-on, CE-based implant courses focused on advanced surgical procedures—designed to elevate clinical skills, standardize protocols, and improve patient outcomes.

As a trusted supporter, BioHorizons shares in the commitment to excellence by helping make these high-impact programs accessible to clinicians seeking to grow within a thriving implant practice.

Together, the Pikos Institute and BioHorizons are shaping the future of implant dentistry—one skilled clinician at a time.

# Award-Winning Oral Surgery & Dental Implant Training

At the Pikos Institute, we are dedicated to advancing the art and science of implant dentistry through exceptional continuing education. Guided by a philosophy that combines innovation, precision, and comprehensive care, we aim to empower clinicians with the skills and knowledge needed to excel in their practices.

What sets the Pikos Institute apart is our unwavering commitment to excellence in dental implant education. Founded on a legacy of innovation and expertise, we combine cutting-edge science with proven clinical techniques to create a truly transformative learning experience.

Our courses go beyond theory, providing hands-on training, personalized mentorship, and real-world applications to help you achieve mastery in your craft, elevate your skills, enhance your practice, and make a lasting impact on your patients' lives.

## Course Overview

The BioHorizons Partner Discount program can be enjoyed when more than one clinician wants to register for a particular course. Group registrations and discounts can be arranged through BioHorizons or the Pikos Institute at 727-781-0491.

### Foundational Full Arch Therapy Demystified: All on XYZ™ - Level 2

Level I of the Full Arch Series offers a comprehensive introduction to immediate full-arch dental implants load therapy, featuring hands-on workshops, live surgery, expert-led lectures, evidence-based rationale for protocols, and advanced technology insights.

31 CE Hours

Course Price \$6,995

### Contemporary Soft Tissue Grafting for Implant Reconstruction

Master soft tissue grafting protocols with decades of case insights and modern advancements. This course builds confidence and expertise in predictable implant soft tissue surgery, equipping you with lifelong skills in regenerative techniques and management.

23 CE Hours

Course Price \$5,795

#### BioHorizons Partner Discount:

1-4 Registered Clinicians - 10% off use code "BioHorizons10" at checkout , 5+ Registered Clinicians - 20% off, call the Pikos Institute at (727) 781-0491 and mention this partnership program.

## Sinus Grafting for Implant Reconstruction

Gain insights from Dr. Pikos' 34+ years and 1,600+ sinus grafts to learn 'what works, what doesn't, and why.' This expert-led course hones technical skills and clinical judgment for implant surgery, includes hands-on workshops and live surgery.

23 CE Hours

Course Price \$5,795

## Alveolar Ridge Strategies: Single Tooth to Full Arch Reconstruction

Understand how to create routine success at even advanced horizontal and vertical bone augmentation. Learn the "why" behind many procedural steps that promote the best outcomes, minimize complications and anticipate integration with the patient's entire treatment plan. You can dramatically expand the limits of your patient acceptance and professional growth with confident proficiency in several modes of implant site development and implant reconstruction.

31 CE Hours

Course Price \$7,750

## Mastering Implants in the Esthetic Zone

A Perio-Pros Approach. From digital planning to perfect smiles - master the esthetic zone with perio-pros precision. This course will demonstrate how incorporating evidence-based periodontal protocols, along with digital technology, can optimize both surgical and prosthetic results in the esthetic zone, ultimately leading to enhanced patient satisfaction and long-term success.

16 CE Hours

Course Price \$7,750

## Testimonials

### What attendees are saying

“

Best CE I have attended in the past 23 years!

**Dr. Bryan Neuwirth, OMS**  
Conover, NC

“

I always expect to get a pearl or two from CE, but this was exceptional. I got a big PEARL –

Are you kidding me – I got a whole oyster! Great one-of-a-kind course.

**Dr. Douglas Harshberger, GP**  
Independence, MO

“

I have attended Pikos courses and symposiums for the last 25 years and always walk away impressed. The Guided Surgery course was no exception. The knowledge and experience delivered through this course is invaluable to anyone who wants to provide state of the art immediate load cases.

**Dr. Nelson Eddy, Perio**  
Rockhill, SC

“

These courses (bone and soft tissue so far) are providing the sound evidence/science for what we put into clinical practice. The material is presented in a step-by-step fashion so you can begin applying the technique immediately when you return to your practice.

**Dr. Andrea McPhillips, OMS**  
Stephenville, TX

“

This is one of the most fantastic courses I have taken. The pace and content are practical and extremely well conveyed and demonstrated... In a day and age where the complexity of dental technology and dentistry as a whole, continues to outpace our abilities to adapt, Dr. Pikos and his incredible team courageously forge forward into the unknown – graciously and humbly expanding our abilities to provide state-of-the art care to our patients and communities in a display of surgical, restorative and didactic brilliance.

**Dr. Jason Stoner, Perio**  
Dublin, OH
