

WHY SURGEXPERIENCE

- METABOLIC SURGERY

- Ultra-limited seats (20 only) to preserve quality over quantity
- Live surgery-centric learning, not slide-heavy theory
- Direct faculty access throughout the program
- Designed for surgeons who value depth over scale

FORMAT

- Live operative sessions
- Structured hands-on exposure
- Case-based discussions
- Peer-to-peer learning in an intimate academic setting

REGISTRATION INCLUDES

- 3-star accommodation (2 nights / 3 days)
- All meals during the program
- CME evening on 28th March, followed by a Gala Dinner
- Local transportation
- Access to all academic sessions, live surgeries, and hands-on exposure

One-on-one hands-on session on the SSI Mantra 3.0 Robotic System.

HOW TO REACH

By Air:

Rajahmundry Airport (RJA), well connected via Hyderabad, Bengaluru, New Delhi, Mumbai and Chennai

By Train:

Rajahmundry Railway Station – a major junction on the Howrah–Chennai route

By Road:

Excellent connectivity via NH-16 from Vijayawada and Visakhapatnam
Local transportation will be arranged for registered delegates.

CHOWDARY**

Chairman Delta Hospitals.

Chief Patron
**DR. BOMMIREDDI
SRINIVAS**

Managing Director,
Delta Hospitals.

The distinguished faculty will participate as invited experts, contributing to focused teaching sessions during the workshop.

Metabolic Surgery is a high-end, live operative workshop designed for surgeons seeking advanced, practical exposure in modern metabolic and bariatric surgery.

This edition is intentionally curated as an exclusive, limited-delegate program (maximum 20 participants) to ensure meaningful hands-on experience, close faculty interaction, and in-depth understanding of surgical decision-making.

EARLY BIRD REGISTRATION

₹50,000

TILL MARCH 10TH, 2026

**REGULAR REGISTRATION
₹60,000**

WORKSHOP HIGHLIGHTS

CASE MIX INCLUDING:

1. One Anastomosis Gastric Bypass (OAGB-MGB)
2. Sleeve Plus Procedures
3. Roux-en-Y Gastric Bypass (RYGB)
4. Sleeve Gastrectomy
5. Limited hands-on experience with close faculty guidance
6. Step-by-step operative walkthroughs
7. Case selection, strategy, and troubleshooting discussions
8. Emphasis on safe, reproducible techniques for everyday practice
9. No parallel sessions. No crowd. No dilution.

Disclaimer: Case mix can change as per patient requirement

WHO SHOULD ATTEND

- Practicing surgeons planning to start or expand metabolic surgery programs
- Surgeons seeking to refine technique and improve outcomes
- Those who value depth, precision, and mentorship over large conferences
